THE one aim in modern life, as in art, is to shock one's grandmother.—Frederic Harrison.

THE PRESIDENTIAL LINE-UP

The general opinion among the well informed men of the country is that the principal effect of Mr. Roosevelt's unwise candidacy has been to make absolutely certain the nomination of Mr. Taft, and to solidify more and more Republicans for the reelection of the President. The suggestion will be hooted by many democrats and many republicans, but we believe it nevertheless represents the true situation, that with Mr. Taft the republican nominee, as he is sure to be, if the democrats will only nominate Mr. Bryan or some democrat who has Mr. Bryan's unqualified endorsement, Mr. Taft's election in November will be assured. This reads queerly to some people, but wait and see.

Very Serious

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

THE FORD'S BLACK-DRAUGHT Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not irritate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.

RIVER AT CAIRO IS HIGHEST EVER KNOWN

Record Stage Reached—Levee Breaks on Missouri Side

Washington, D. C., March 31.—The Ohio river at Cairo, Ill., to night is reported higher than it has been since the big flood of Feb. 27, 1883. It stands at 52.5

feet and 53.5 is predicted during Tuesday.

Advices to the weather bureau however, say that the break in the levee on the Missouri side this morning will have a tendency to check the rise at Cairo. Warnings were issued tonight at Memphis to prepare for a stage of 43 feet or more. Engineers believe the levees will hold.

Every Dollar of an Ad Reader's Money is Above Par

Frequently Its Buying Power is Actually Doubled

¶ Your dollars vary in value as they vary in purchasing power. The man or woman who studies advertisements is able, frequently, to make one dollar do the usual work of two. ¶ And the experienced reader of advertisements will *always* make a dollar command a premium—make it buy *more* than a dollar's worth, as figured on "ruling prices" of things. ¶ How much "above par" are the dollars in your pocket worth? It will depend on how closely you study the buying opportunities outlined in the store ads.
